Dedication

We dedicate, to you John Kline for your years of willing, helpful service, the 1959 Bacre Vie.

We want to thank you from the bottom of our hearts for your cheerful spirit and kind co-operation. It is your kind of people that keep things going with a cheery "hello" and a ready smile for everyone.

Working early and late, in all kinds of weather, and not always in the best of health, you have kept our school in tip top condition. It always shines even though we're not always co-operative in helping to keep it that way.

Thank you for your years of service, and we all hope you will be able to spend many more happy years here as part of our B.C.A. family.

PRINCIPAL'S MESSAGE

The youth of Battle Creek Academy have shown a true desire this year to go forward in every phase of life. Our association together day by day has developed respect for Christian ideals that will live beyond the limits of this year.

Faculty and students alike have thrilled to the call of the Holy Spirit and the joy of worshipping God in our chapel and in the open air of Camp Au Sable. Our recreation has truly been re-creation, and our bodies and minds have not been overwhelmed with the impact of satellite living in our modern world.

Time and eternity will develope the seeds sown by faculty and students during this year together. May the pages of this book ever give you courage to go forward as you realize how God so mercifully blessed us in the past.
